Institute of International Education
1 East 67th Street
New York, New York

Dear Walter:
De

Our Committee on Admissions would be interested in reviewing some applications on either graduate or under-graduate students from black Africa. If undergraduates, they should be ready for at least the junior year. Members of our student body and faculty as well feel that we should have one or two African students. We are interested in men only. We are not in a position to offer a complete scholarship. We can, including a job, cover perhaps all but \$400 or \$500 of the year's expense, not including transportation, of course. If you have brochures on some African boys who have some resources of their own, we would be pleased to have an opportunity to review them.

Sincerely,

Forrest D. Brown
