

AN EXCHANGE WEEK-END WITH HOWARD UNIVERSITY, March 26-27

Howard University in Washington, D. C. is the only University in the United States entirely supported by the Federal Government. It is a Negro University, with some white students and students from many lands. It occupies a unique position in the world and its academic program is of the best.

Next week-end, March 26 and 27, eight of their students from their Student Christian Movement will come on a fraternal visit to Bucknell. Last fall a group of Bucknellians were extended the hospitality of the Howard campus. The discussions for the week-end will revolve around such informal subjects as the students participating may wish to raise.

Any Bucknellian who wishes to share in the program is invited to do so. Sign the blank below.

The Program

Anyone interested in working on the Week-end is invited to come to Hunt Rec Room at 4:30 Tuesday, March 22.

Saturday, March 26th
