All the above candidates were named by a committee; however, individuals can be nominated from the floor tonight.

Men's Glee Club Concert Presented At Harrisburg

The faculty, at a meeting yesterday afternoon, adopted a modified form of the proposal relating to restrictive clauses in fraternity charters which had been presented at an earlier meeting.

The new proposal provides that no new social, professional, or academic organization whose constitution or policy permits discrimination because of race, creed, or color shall be admitted to the Bucknell campus, and calls for the appointment of a committee to work with present campus organizations for the elimination of discrimination at the earliest possible time.

Faculty Goes On Record

The faculty went on record as whole-heartedly endorsing the recent statement of principles adopted by the Interfraternity Council and commended the Council for its action.

In essence, the I. F. C.'s resolution deplored discriminatory clauses in fraternity charters and called upon members of the fraternities to work within their national fraternity organizations for the elimination of such restrictive clauses at the earliest convenient date.

Committee Composition

The committee is to consist of two members of the faculty, two members of the administration, the president of Panhellenic Council and the president of Interfraternity Council. Faculty and administrative members are to be appointed by Dean Coleman.

Copies of the resolution will be sent to the national office of each fraternity and sorority having a chapter at Bucknell and to the National Interfraternity Council.
