

STUDENT-FACULTY-ADMINISTRATION COMMITTEE ON DISCRIMINATION

Bucknell University  
Lewisburg, Pa.

March 31, 1955

*Mr. \_\_\_\_\_*  
*Kappa Sigma*

The Student-Faculty-Administration Committee on Discrimination wishes to take another opportunity to strengthen the hand of every organization in its movement towards the eliminating of discrimination based on race, creed, and color.

In the forthcoming conclaves and national conventions, the delegates of your Chapter should fully understand that by formal resolutions in 1954, the Bucknell I. F. C. and the Bucknell Faculty stand behind any efforts by local representatives to reduce and eliminate discriminatory clauses and policies on the national as well as the local scene. A copy of the Resolutions accompanies this letter.

Our Student-Faculty-Administration Committee is also asking the delegates of your Chapter to join forces with those chapters in your national organization that are trying to educate other chapters concerning the moral and often the practical wisdom of eliminating discriminatory clauses and practices.

Your Chapter should feel free to call upon our Committee for information and for support in any situation in which the Chapter is working for the objectives of the University in these matters.

*Sincerely,*  
*HRS*
